

# RigNet CrewConnect™ Infotainment

RigNet  
CrewConnect™

## HIGH-PERFORMANCE CREW WELFARE PORTFOLIO, FOR HIGH-PERFORMANCE CREWS

RigNet's CrewConnect is a portfolio of crew welfare services grounded in reliable, secure, controlled connectivity. The CrewConnect portfolio is designed to improve crew morale in remote locations, enhancing operational efficiency through reduced employee turnover and increased productivity.

## OUT OF SIGHT IS **NOT OUT OF TOUCH**

CrewConnect Infotainment service is your crew's gateway to real-time, new-release, on-demand content. Wherever your crews are based, CrewConnect Infotainment provides the entertainment that crew need for R&R, both in individual cabins and common rooms. A rested, connected, engaged crew is a more productive crew, with Infotainment serving to connect your crew to the world, to each other, and to a better working environment.

## ONE PLATFORM, ONE PORTAL, **ONE VIEW**

CrewConnect Infotainment is a single point of entry portal for both entertainment and essential communication services. Onboarding safety videos, emergency information broadcasts, CCTV streaming and a community bulletin board are features of the Infotainment service, allowing crew to connect with their work environment and fellow crew.

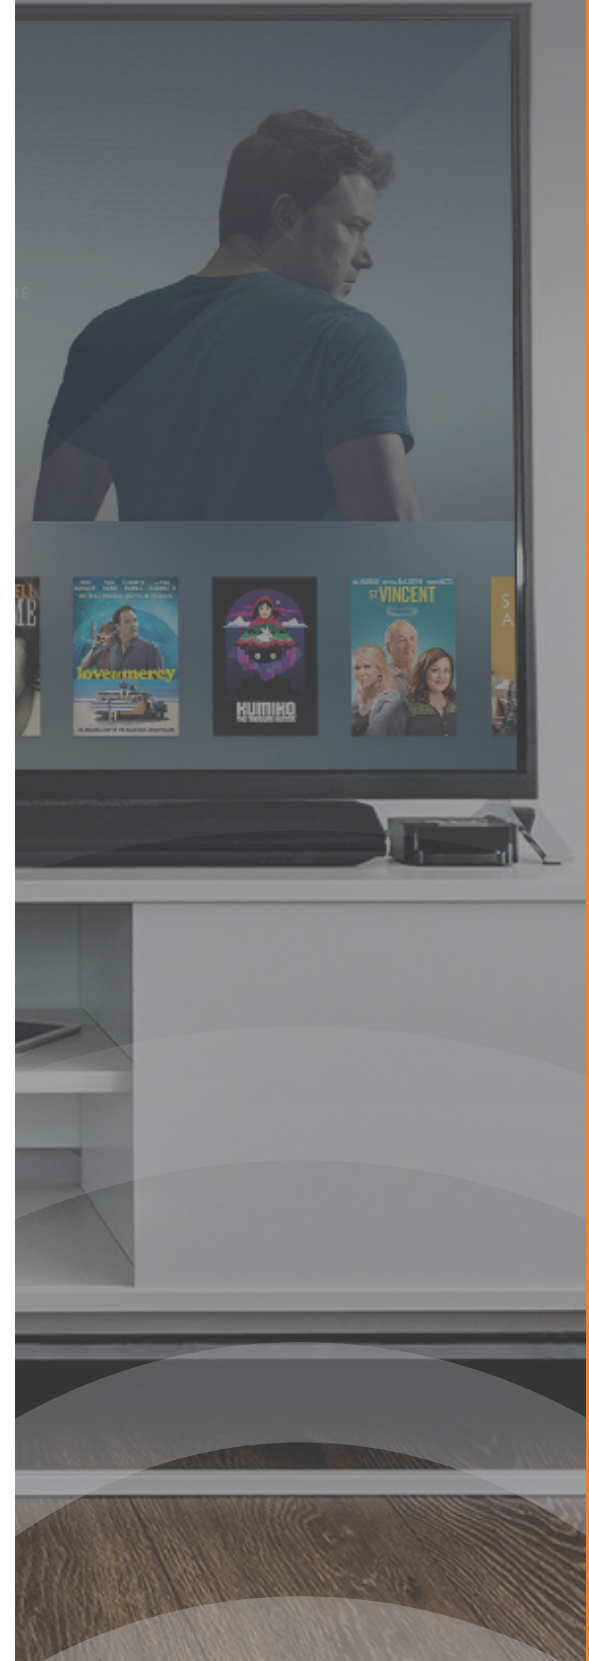

## SEAMLESS **ENTERTAINMENT**

CrewConnect Infotainment is a fully-managed service supported by RigNet's 24/7 technical support team. Wherever you are, our engineers offer world-class, always-on support, so that your crew has reliable, uninterrupted access to the entertainment they want.
