Remote Communications Office Trailer (RCOT)

RIGNET MOBILE SOLUTIONS

Access your network files, send daily reports, research using the internet, and make calls as though you were in your home office

The Remote Communications Office Trailer (RCOT) delivers quality communications at any location. Our customized private office allows our customers to work out of a remote office. Managers and employees feel secure knowing that company information remains confidential in these private portable offices. The RCOT comes with all the equipment needed to handle communications at any remote job site. Enjoy full HD television with an HD satellite receiver, or display computer info with a flick of a switch.

The complete package includes wireless communication, VOIP, Internet, VPN and HD satellite TV. Our Remote Communications Office Trailers can be customized to fit our customer's needs.
